# How to Connect your Magnus Monitor to your Phone
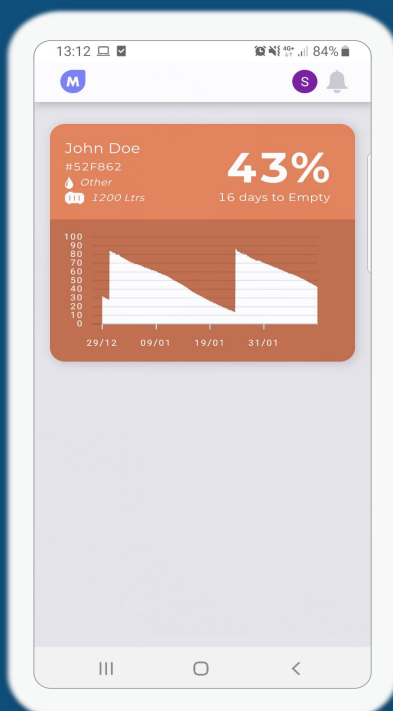

1. Over the next 10 days we will send you an activation code. Once received, go to the Apple Appstore or Google Playstore & download the Magnus App.
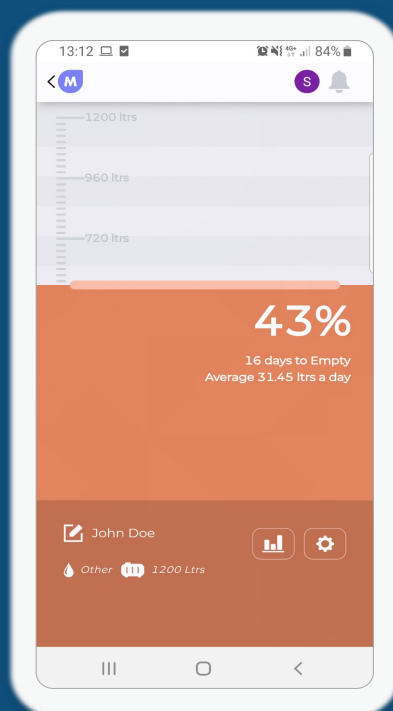

**2.** Login with your Phone number or Gmail or Facebook account.

3. Enter the "Activation Code" that we send you along with your name.

4. View your tank(s) and your historical usage.

5. This is your detailed tank view. Understand your usage rate and how many days left until you run out.

6. We can let you know when your tank falls below a specific level. When would you like to be notified? Select %
